

August 12, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for the WAY Academy of Flint. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Kimberly Leverette, WAY Academy of Flint Director, for assistance.

The AER is available for you to review electronically by visiting the following web site www.mischooldata.org or you may review a copy at your child's school.

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of it's student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. WAY Academy of Flint has not been given one of these labels.

After completing a comprehensive analysis of student assessment data within our building it is evident that our school is confronted with gaps in achievement as they relate to the four core areas of instruction. Strategic planning to resolve these challenges is in progress. Implementation of strategies to bring about more positive results include commitment to a school-wide cross curricular reading approach, Reading Apprenticeship, differentiating instruction through project based learning, working to include more small group instruction opportunities for students, and implementation of a comprehensive assessment plan. We will also be incorporating the use

of thinking maps to increase student understanding across the curriculum. Additionally, we will continue to have a reading intervention specialist available to help students who need additional support in literacy.

State law requires that we also report additional information. WAY Academy of Flint accepts all students within Genesee County and the surrounding areas, regardless of geographic location.

A copy of the School Improvement Plan is available at the WAY Academy of Flint. The School Improvement Team, composed of several focus groups, meets regularly during the school year. The purpose of the team is to develop, review and evaluate goals, objectives and strategies for the School Improvement Plan. The School Improvement Team facilitates the continuous collection and analysis of academic assessment data to guide instruction and evaluate progress toward student achievement goals.

Since college readiness goes beyond academic preparedness the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated 21st century survival skills component. The curriculum's objectives are aligned to those identified by the Michigan High School Content Expectations in the areas of social studies and science. Our Math and ELA curriculum is fully aligned to the Common Core State Standards. Michigan's high school content expectations can be found at:

http://www.michigan.gov/mde/0,1607,7-140-38924---,00.html

The Common Core State Standards can be found at:

http://www.corestandards.org/the-standards

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

During the 2013-2014 school year all students participated in the Measures of Academic Progress (MAP) as well as the ACT Plan and Explore. Students in 9th grade completed the Michigan Educational Assessment Program (MEAP) in social studies.

The WAY Academy of Flint staff initiates conferences with 100% of our student population in the form of a home visit. Parents/guardians are present at all meetings. Additional ongoing conferences and home visits are an integral part of the WAY Academy of Flint approach. We believe that involving parents in their children's education will support improved student learning. Our school clearly works best when parents take an active interest

in their children's education and form partnerships with our school to encourage their children to do well. Our goal is to meet with all parents on a regular basis.

In 2013-2014 we partnered with the University of Michigan Dearborn and Henry Ford Community College to offer dual enrollment opportunities to students. In addition to this, this fall we will be offering concurrent courses with Lake Superior State University onsite. We do not offer Advanced Placement (AP) Classes at the present time.

We have teachers and administrators who are some of the best in the state and who care deeply about their students. We work with great zeal and dedication to provide our students with a safe, student-centered, compassionate, academically rigorous, and innovative environment. We have wonderful students who take responsibility for their learning and want to learn. We are also blessed with involved parents and community members who have high expectations and strongly support the school.

We thank you all, and we pledge to continue to work together to provide a premier education for the community's children in the future.

Sincerely,

Bethany Rayl Superintendent, WAY Academy of Flint
